The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superiority as a blood purifier and invigorant tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherry bark are extracted in a pure, refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Dr. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots are depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes the pure blood and so invigorates and regulates the stomach, liver and bowels, and through them the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healing. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate the invigorated stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

RIOTING IN PHILADELPHIA.
Fruitless efforts of the Philadelphia Rapid Transit Company to run cars with strike breakers yesterday resulted in the worst rioting Philadelphia has experienced in years. Bloodshed and destruction of property, open defiance of the police and the creation of a veritable reign of terror, characterized mob lawlessness in the principal sections of the city.

The police and firemen, armed with revolvers and clubs, were busy Saturday night handling turbulent crowds in several sections of the city. Two cars were burned, a score of cars were attacked, forcing their crews to abandon them, and numerous arrests were made.

Scores of persons were seriously injured, some of them fatally, yesterday. Policemen, their riot sticks and revolvers wrested from them and outnumbered a hundred to one, were sent to hospitals with fractured skulls and bullet wounds that may cost them their lives.

Cars were burned and wrecked and rolling stock of the Rapid Transit Company valued at thousands of dollars was destroyed.

Wholesale arrests were made of rioters until police stations became so crowded that half a dozen prisoners were placed in each cell.

The railway officials announce that 297 cars have been damaged, 2 burned and 1 partly burned, and that 2,608 car windows had been broken. This estimate fell short of the reports of the widespread damage wrought by mobs in different sections of the city.

Innocent bystanders frequently suffered from the clashes between the rioters and the police. In one of the worst riots of the day, that which occurred on Thirteenth street, below Thompson, Georgia, a nurse employed at the Friends' Asylum, Frankford, and Viola Bevan, a little girl, were seriously wounded by stray bullets while the police were exchanging shots with a mob.

In West Philadelphia two little girls were probably fatally injured by missiles with which rioters met a charge of the mounted police. During a riot at Fourteenth street and Lancaster avenue, Catherine Conroy, aged 11 years, of 866 Lexington street, was struck on the head by a brick as she was returning from Sunday school, sustaining a fractured skull that may cost her her life.

Another little girl, Marie Whalen, was also on her way from Sunday school. She was caught in a stampede of rioters from the charge of a platoon of mounted police and knocked down. A moment later her skull was fractured by a brick.

Strike-breaking motormen and conductors were everywhere victims of mob. Fifty years' experience of an Old Nurse Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Twenty-five cents a bottle.

HYPNOTISTS ARRESTED.
A case of what is believed to have been hypnotic influence was revealed in Bristol, Va., yesterday, when Joseph Foygate, an alleged hypnotist and clairvoyant, 30 years old, and William Lewis, called a confederate, were arrested upon complaint of Mrs. Nannie Lindsay, widow of Stuart F. Lindsay, who was clerk of the United States Court at Abingdon for many years.

Mrs. Lindsay, being advised that Foygate and his confederate were about to leave Roanoke, made known to the police that she had mortgaged real estate in the city for \$6,000, which amount she turned over in cash to Foygate, with a gold watch, a diamond ring and other jewelry. Foygate was arrested early yesterday, and Lewis, who left the city in the early morning, carrying cash and jewelry, was captured at a farmhouse, near Vance, Tenn., six miles south of Bristol.

When taken to police headquarters Lewis frankly admitted that he had secured \$6,000 from Mrs. Lindsay, but declared that she gave it to him in accordance with marriage contract; that he was to have been married to her, and that he would be able to prove as much by Mrs. Lindsay and her daughter.

Mrs. Lindsay is a daughter of the late Isaac C. Fowler, who years ago conducted a newspaper in Bristol. The family is one of the best-known and most highly connected in southwestern Virginia.

GALE OVER BRITISH ISLES.
A fierce gale has swept over the British Isles, doing an immense amount of damage. The harbors are all crowded with shipping seeking shelter. Incoming vessels report extremely rough passages.

Reports received in London tell of the wreck of a large number of small craft.

The wind at times yesterday reached a velocity of 80 miles an hour. There have been several wrecks on the coast and a number of disasters ashore resulting in the aggregate to nearly fifty deaths.

Severe thunder and lightning and heavy rains accompanied the gale in

OVERLAND CARS.

The greatest AUTOMOBILE demand in the history of the business is predicted for the season of 1910. Only by putting in an order for your car now and specifying the date of delivery will we be able to take care of your order promptly. The shortage of freight cars, the scarcity of materials, the rush of spring orders, and the usual congestion of the automobile business in the spring all work together to prevent prompt deliveries. Therefore, order now and get your car when you want it.
